This Agreement is made by and between Encore Group (USA), LLC d/b/a Encore, the Employer, and the International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts of the United States, Its Territories and Canada, the Union, for itself and on behalf of its affiliated Locals and the members of the bargaining units described in Article One of this Agreement, who may now or hereafter be employed by the Employer. Now, therefore, the parties hereto, intending to be legally bound, hereby agree as follows.

### Article 1 – Recognition

- 1.01 The Employer acknowledges and agrees that for each locale in which the Employer and the Union enter into this Agreement, the Employer hereby recognizes the IATSE, and its affiliated Locals, as the collective bargaining representative under Section 9(a) of the National Labor Relations Act, and under all applicable legislation in Canada, of the Employer's Hotel Division and Production Division employees for each such locale in the bargaining unit listed below in Section 1.02 of this Agreement.
- 1.02 This Agreement shall apply only to casual and part time stagehands and audio-visual technicians referred by the Union for employment with the Employer throughout the United States and Canada. Where there is a pre-existing collective bargaining agreement with an affiliated local union of the Union, the pre-existing agreement shall govern the work performed unless the Employer and the Union agree in writing that this Agreement should apply in whole or in part. Full time, part time and freelance employees, and all other employees of the Employer, are excluded from the bargaining unit and are not considered to be employees covered by this Agreement.
- 1.021 The wages, benefits and other terms of employment for locales added to this Agreement shall be included in Addendum A and/or B attached hereto. The Employer and the Union may add additional locales during the term of the Agreement by mutual consent.
- 1.022 The Employer shall have the ability to utilize its regularly scheduled full and part time staff employees to perform bargaining unit work at each hotel property where the Employer is contracted as the preferred in-house AV provider.
- 1.023 Any facility agreements, including jurisdictional agreements held by local unions, that are in conflict with this Agreement shall be identified in Addendum A and/or B attached hereto. Otherwise, this Agreement shall cover all work performed at such locations.
- 1.03 Encore has no exclusive agreement with a labor contractor, Payroll Company, or like entity in the United States and Canada that requires Encore to use their labor rather than Union labor. Should such an agreement exist, then the Employer shall terminate such agreement at the first available opportunity provided that such termination does not subject the Employer to a financial penalty under such agreement.

## **Article 2 – Management Rights**

- 2.01 Subject to the provisions of this Agreement and applicable state and federal law, the Employer retains the sole right to manage its business and direct the working force including, but without being limited to, the right to establish new tasks, abolish or change existing tasks, increase or decrease the numbers of tasks, change materials, processes, products, equipment and operations. The Employer shall have the right to schedule and assign work to be performed; establish, maintain and enforce reasonable rules and regulations, including but not limited to safety rules and regulations; establish attendance policies and have the right to hire or rehire employees; promote employees; to demote and suspend, discipline or discharge for just cause; and to transfer or lay off employees because of lack of work. The Employer retains all other rights, unless they are limited by the language of a provision of this Agreement.

## **Article 3 – Union Security**

- 3.01 All such employees currently members of the Union shall be required, as a condition of continued employment, to remain members of the Union during the term of this Agreement unless an employee accepts a position which is excluded by this Agreement. All such employees, as a condition of their continued employment under this Agreement, will become and remain members of the Union on and after the thirtieth (30th) working day of their employment. An employee who fails to become or remain a member of the Union as herein provided shall be dismissed by the Employer immediately upon written demand by the Union. Nothing contained in this Agreement will require the Employer to discharge or in any way discriminate against any employee who has been denied membership in the Union or had his membership in the Union terminated for any reason other than the failure of such employee to tender the initiation fee and periodic dues uniformly required as a condition of acquiring or retaining membership. The foregoing shall be subject to and limited by applicable State law and to the extent that any applicable State law does not permit the form of union security herein provided, then and in that event, this Agreement shall be deemed to provide for the maximum form of union security permitted by said State law.

## **Article 4- Job Referral**

- 4.01 The Employer agrees that audio visual bargaining unit work shall be performed by qualified workers assigned by the appropriate Local Union through its job referral procedure to the extent that the Local Union has qualified workers available. This is a non-exclusive hiring hall relationship unless indicated otherwise in Addendum A and/or B attached hereto. It is the intent of the Employer to become more reliant on local union labor as a supplement to its regular full-time staff employees and regular part-time staff employees as each local union strengthens the depth and quality of its workforce.
- 4.011 Full-time staff employees are defined as non-bargaining unit employees who are employed an average of at least 30 hours per week doing bargaining unit work. Regular part-time employees are defined as those employees who have worked an average of 20 hours per week in the prior year or are scheduled to work that amount of hours in the current year.
- 4.012 The Employer agrees that the Local Union shall be the exclusive secondary source for rigging employees for all events held in Encore hotels, after the Employer uses its regular full-time, and

regular part-time staff employees.

- 4.013 The Employer agrees that the Local Union shall be the exclusive primary source for rigging employees for all events held in venues where Encore is not the preferred in-house provider.
- 4.014 If the Employer determines that a Local Union is not providing qualified riggers, the Employer may suspend its use of any local's Riggers pending continued bargaining over this section of the Agreement for negotiations regarding the Local Union's status as a primary or secondary source for riggers. The Employer will notify the International Union that a problem is developing with a local prior to suspension and the parties will work through the Labor Management Committee to correct the problem. The Parties shall meet via Zoom or in person not later than 10 days from any such notice to the International Union.
- 4.015 The Employer agrees to notify the Union office of its labor needs at least ten days in advance of call times, whenever possible.

If the Employer notifies the Union office of its labor needs more than ten days in advance, the Union agrees to notify the Employer no later than seventy-two (72) hours of the call time with a list of referents assigned to the call, or if it will be unable to fill the call in full or in part.

If the Employer notifies the Union office of its labor needs at least ten days in advance, the Union agrees to notify the Employer at least forty-eight (48) hours in advance of call times with a list of referents assigned to the call.

For any labor call placed with less than forty-eight hours' notice. The Union will make its best effort to fill the employers labor requirements. If the Union is unable to fill the call in full or in part, the Union will notify the Employer twenty-four (24) hours prior to the requested call time with the status of the request for labor.

- 4.02 The Employer has the right to call by name (CBN) any employee to work in the Tech 1, Tech 2 and Tech 3 job classifications. The Union will make every reasonable effort to place the CBN employees. The Employer may contact CBN employees directly, provided the Union is notified, in writing, of who has accepted work calls when the work call is placed with the local union. Each local union will provide the Employer with a list of employees with all certifications achieved (i.e., ETCP, SPRAT, AVIXA etc.) by those referrals routinely assigned to work, as well as contact information for the same. The Union recognizes that the Employer is relying on the assurance of any referent's acceptance of direct call CBN employment and as such, the Union will monitor the employee's compliance with this commitment. In the event a direct call CBN employee fails to appear for work as agreed without good cause, the Union and the Employer agree that such employee shall be ineligible to work for the Employer for a period of three months. In the event of a second offense within a twelve-month period, then the employee shall be ineligible to work for the Employer for a period of one year.
- 4.03 The Employer, in its sole and absolute discretion, shall determine the qualifications of workers referred by the Union. The qualifications of referents will be evaluated for each local

union as the Agreement is implemented in each locale. The Union agrees to furnish workers possessing the necessary skills, tools and capabilities for all calls placed by the Employer.

- 4.031 ETCP riggers and electricians and AVIXA Certified Technology Specialists will be given preference of employment by the Employer and the Union, regardless of local union hiring hall provisions, when calls are being filled in the respective classifications, provided they are qualified to perform the required work. These employees will be the last referred employees cut from calls in the hall or venue they are working in, after taking qualifications and continuity of the work in progress into consideration.
- 4.04 With respect to highly technical positions that the Employer has an occasional need to fill, the Employer shall have the ability to utilize employees from any source in these positions provided the Union is unable to refer experienced and qualified individuals to perform those duties. The Employer shall not utilize this provision to reduce the jurisdiction of the Union, and the Union shall not unreasonably deny permission to utilize these employees. This provision does not override Section 4.01.
- 4.05 The Local Union Business Representative must be notified 24 hours in advance of the cancellation of a work call. If a call is cancelled within the 24-hour period, then the scheduled employees shall be paid for a minimum call at the appropriate wage rate. The Employer shall not have to pay the minimum call payment when the call is cancelled due to fire, flood, hurricanes, pandemic or other acts of nature, federal or state government order or if the client cancels the event.

#### **Article 5 -Job Steward**

- 5.01 The Union shall appoint all Job Stewards. Each event shall have a Job Steward; provided, that if the call is for sixty (60) or more persons, the Union shall be entitled to appoint two referrals as Job Stewards. The Job Steward shall receive the Tech 2 rate of pay if the number of employees on the call equals two or more.
- 5.02 At the Employer's discretion, the Job Steward shall be a working member of the crew if less than fifteen (15) persons are working. Upon reaching a fifteen (15) person call, the Job Steward shall become an administrative Steward. The working hours of the Job Steward shall be the same as their crew.
- 5.03 The Job Steward shall be responsible to bring to the immediate attention of the Employer's designated representative any complaint or grievance which might arise on the job. If the complaint or grievance cannot be resolved, the Steward shall be responsible for contacting the appropriate representative of the Union for further handling of the complaint or grievance pursuant to the grievance and arbitration procedures contained in this Agreement.
- 5.04 Job Stewards will assist in the routine assignment of work crews for each job and shall record all hours worked in accordance with the Employer's designated procedure. In pursuing their responsibilities, the Job Steward shall not disrupt their own work assignments, the work assignments of other employees or the event and shall adhere to all rules, regulations and policies of the Employer applicable generally to its personnel.

- 5.05 At the discretion of the Employer, the Steward shall receive one-half hour of pay at the prevailing hourly rate before and/or after the call in order to perform and complete necessary paperwork at the conclusion of each call. If the Steward is required to report to the Employer prior to the job call reporting time, the Employer shall notify the Union of this request on the original labor call. If the one-half hour of pay is not granted, the Employer shall provide the Job Steward the necessary time to complete paperwork within the framework of the call.
- 5.06 The Steward may be discharged for just cause. The Employer will not discriminate against a Steward for fulfilling his or her duty of Union representation. If the Union considers the discharge as being without just cause, such action by the Employer shall be subject to the grievance and arbitration procedure.

#### **Article 6- No Strike/No Lockout**

- 6.01 There shall be no strikes or work stoppages during the term of this Agreement. Should an alleged violation of this Article occur, the Union agrees that, upon the Employer's request, it will immediately repudiate such violation orally with a confirmation of such repudiation in writing and will urge those alleged participants in the improper activity to immediately cease such activity, and will attempt to bring an immediate end to such violation. Employees violating this section shall be subject to discipline or discharge and may be temporarily replaced by the Employer with employees from any labor source.
- 6.02 The Employer agrees that it will not cause or direct any lockout of the employees covered by this Agreement during the term of this Agreement.
- 6.03 The Employer shall not require any employee to cross a primary picket line of any labor organization either at a job site or at any establishment that the employee may be sent to in the course of their employment. Refusal to cross a primary picket line shall not be cause for discipline, discharge or permanent replacement and the Union shall not be liable in any manner because of such refusal.

#### **Article 7 - Dispute Resolution**

- 7.01 A grievance is defined to be an alleged violation by the Employer of the terms of this Agreement. All grievances shall be processed promptly in accordance with the following procedure:

**Step 1:** Any person having a grievance may discuss the grievance with the Employer's Manager within five (5) working days of gaining knowledge of the incident in question. Step 1 will be terminated within five (5) days of the first grievance discussion or with the supervisor's answer whichever occurs first. It is understood that this process will be conducted under the following conditions: 1.) The dispute or disagreement shall immediately be removed from the show floor or immediate work area; 2.) The issue shall be discussed in a less visible location in an attempt to resolve the issue; 3.) Verbal and/or physical confrontations will not be tolerated and could result in appropriate discipline. Settlement of a grievance at this

level does not set precedent or policy.

**Step 2:** If the grievance is not settled between the grievant and the Manager, it shall be submitted in writing and discussed in a conference between the Employer and a representative of the Local Union within fifteen (15) calendar days of the conclusion of Step 1. The Employer shall issue a written response to the grievance within fourteen (14) calendar days of the conference.

**Step 3:** If the grievance is not settled in Step 2 the grievance may be advanced to a hearing between a designated International Representative of the IATSE and the General Manager or other designee of the Employer. The grievance must be appealed to this level within ten (10) calendar days of receipt of the written reply at Step Two. If resolved at this level, the settlement shall be final and binding upon the parties. If unresolved at this level either party may, within twenty-one (21) calendar days, submit the grievance to arbitration.

- 7.011 The cost of the arbitration shall be borne equally between the Local Union and the Employer. The arbitrator shall not have the right to add to, subtract from or modify any of the terms of this Agreement. All arbitration hearings shall be conducted and subjected to the Rules of the American Arbitration Association.
- 7.012 The party requesting arbitration shall request from the American Arbitration Association a list of seven (7) names of persons qualified to act as arbitrator. The arbitrators must be members of the National Academy of Arbitrators. The party requesting arbitration shall strike first. Thereafter, the parties shall alternately strike names and the last name remaining shall have been selected as arbitrator.

If the Employer uses the one hour of pay option for trucks that are thirty (30) feet or less, the one hour of additional pay shall not be considered an additional hour worked for purposes of calculating daily or weekly overtime.

### Article 9 – Wages and Working Conditions

- 9.01 The Employer and the Union agree that the wages paid under the terms of this Agreement will be based on each local union's agreed wage rate for each job classification. Wage rates will be specified in Addendums A or B for each local union. The wage rates in this Agreement are minimum rates and the Employer may pay higher rates to select employees at its sole discretion.
- 9.02 ETCP certified riggers and SPRAT/IRATA certified riggers ("certified riggers") on high-steel rigging calls will have four dollars (\$4.00) per hour added to their base hourly straight time rate. This premium will only apply on work calls when performing the job duties of the certification of high-rigging calls and when the call requires the respective certification for the work to be performed. Certified riggers must carry proof of certification at all times when on the job. The Union will provide at least one certified rigger for each venue with a rigging crew.
- 9.021 Bucket riggers must carry up-to-date Hi-lift certifications every work day. Forklift Operators must carry up-to-date forklift certifications every work day. Employees who cannot show their certifications will be removed from the lift and paid at a lower rate of pay or be released from duty without being paid for a minimum call.

- (a) A rigging "call" shall only be applicable when hoists and overhead truss are being installed or removed.
  - (b) Crank-up ground supported lighting trees do not constitute a rigging call.
  - (c) For high-steel rigging calls a rigging crew shall consist of three riggers (two high, one ground). For bucket rigging calls, a rigging crew shall consist of two riggers (one high, one ground).
- 9.03 Overtime pay shall be defined as one and one-half times an employee's regular straight time rate. Overtime pay shall be paid for:
- (a) All hours in excess of eight hours between the hours of 6:00 a.m. and 12:00 midnight;
  - (b) All hours on Saturday and Sunday;

- 9.05 There shall be no pyramiding of overtime or premium rates for purposes of overtime and premium pay calculations. The Employer shall not replace an employee on the job in order to avoid the payment of overtime or premium rates. Shift work may be permitted when mutually agreed between the Employer and the Union in advance of the call, and the Union shall not unreasonably withhold its consent. If an employee, including riggers, has completed the assigned tasks but time still remains on his minimum call, the Employer may assign the employee to perform other bargaining unit work, provided the employee's prevailing rate of pay is not reduced.
- 9.06 If an employee is asked to work in a higher job classification, he shall remain at the higher pay rate for all hours worked until he receives an eight (8) hour rest period. The rest period only applies when an employee is being called back on the same event.
- 9.07 Employees shall be paid for one-half (1/2) hour at the prevailing hourly rate for any fraction of one-half hour worked in excess of ten (10) minutes.

- 9.09 All employees shall have a meal break of one (1) hour duration after five (5) hours of work, but not sooner than the third hour of work, or double the prevailing rate will be paid until a meal break is given. Employees shall be guaranteed a minimum of two (2) hours pay when returning from a one-hour meal break. If the Employer provides a hot meal, the meal break may be reduced to one-half (1/2) hour, without penalty, and all such meal time shall be considered as time worked. Employees required to remain at their station during the running of a show shall remain on the clock and shall receive (1) additional hour of straight time while being rotated from, or fed at their station. This scenario may only be utilized once per day per employee. Crews may be split for meal breaks without penalty.
- 9.091. A meal penalty shall not be required if an employee works six (6) hours without a meal break and is released from duty by being sent home. If, due to unforeseen circumstances, an employee works more than six hours the meal penalty shall be retroactive to the beginning of the sixth hour and continue until a meal break is given.
- 9.10 Employees shall have a fifteen minute rest break between the second and third hour of work between meal breaks, provided that no interim breaks (cell phone, smoking breaks) have occurred since commencement of the workday. The Steward shall be responsible for coordinating these breaks.

- 9.11 It is the intent of the parties hereto to allow a worker a minimum of eight (8) hours rest between the time a worker ends his work with the Employer and the time he begins work on a repeat call for the same job, placed by the Employer. If an employee returns to work before he has eight (8) hours off (excluding call-backs for the same job, the same day between 6 a.m. and midnight) he shall be paid two times (2X) the straight time hourly rate until he has received a period of eight (8) hours off. The Employer must be informed of such penalty prior to recall and may reschedule the report time for the call in order to avoid invading the rest period.

**Audio Visual Pilot Training Program**  
**To be Developed**

Encore and the IATSE are committed to providing state of the art training for those workers engaged under the parties' Collective Bargaining agreement. To that end, the parties will collaborate in developing a pilot training program in at least three markets, identifying no less than three locals mutually selected by the parties.

- The program shall initially require no less than 50% of Union referrals from each Local, who routinely work in the AV industry, to participate in and complete the joint training platform developed by the teams assigned by each party. As the program matures, the number required to participate may increase to 75%, contingent on work schedules and program capacity.
- Training will be applicable to the classifications designated by the Employer with input from the Local covering classifications/job skills the Employer requires in such markets. The training costs associated with this pilot program shall be paid for by the Employer. Union trainees will not be compensated for the training provided herein.
- The Labor-Management Committee will assess the status of the program no sooner than eighteen (18) months after its inception. This will include consulting with the respective teams and trainers responsible for the development and delivery of training. Based on its findings, the LMC may make recommendations for the improvement of the program. The LMC may also recommend that the pilot program be made permanent under the terms of this Agreement after further negotiations, which may include expansion to other markets.
